

Directions how to get to the Rendezvous pick up spot

Coming from Nanaimo **north on Hwy 19:**

Take **Hwy #4 towards Port Alberni**. You will travel up the mountain pass and back down into the Alberni Valley.

Just before you get to Port Alberni you will see a candy store on the highway called "Coombs Country Candies". Just past that, there is a split in the highway at the Tourist Information office. If you remain on the hwy, you will continue towards Ucluelet/Tofino.

Take the left branch towards West Coast General Hospital. This will take you through a winding forested area. After passing the hospital, the road comes into town and turns into Redford St.

The first big intersection is 10th Ave. You will see SaveOn Foods and a liquor store. They are a good place to stop for alcohol or other snacks you wish to bring with you.

If you continue down Redford St, you will come to a **T-intersection at 3rd Avenue**. **Turn left** and remain in the right-hand lane. Just past Smitty's restaurant the road splits, **stay to the right** onto Kingsway Ave.

You will see a tire repair place and the Kingsway Pub on your left. **Turn right** at the small wall of railroad ties with 'Fisherman's Harbour' sign, cross the tracks and **turn left** onto Harbour Rd. Just past The Dock + building is a tiny fenced parking lot. This is where the Harbourmaster's office is and where Rendezvous I is parked.

(alt: if you miss the turn at 'Fisherman's Harbour' continue on Kingsway to Argyle St. **Turn right** and cross the railroad tracks. **Immediately turn right** after the tracks. The antique railway station should be on your right. Continue past Canadian Marine Engineering and the small parking lot will be on your left just before The Dock + building.)

You can unload your stuff onto the boat here and then park in the large lot across Harbour Rd.

See you soon!
